themes of many radical tirades. Though open-air gatherings are illegal, the police did not interfere.

At the conference of Constitutional Democratic leaders, it was decided that Professor Mouroumtseff, when he is received by Emperor Nicholas to receive the imperial confirmation of his election to the presidency of the lower house, shall broach the subject of an immediate amnesty to political offenders.

Celebrations in honor of the opening of the national parliament were held during the day in every city of the empire. The only disturbances were at Simbirsk and several cities of Poland, where there were collisions between the police and boycotting factions and revolutionary students.

DESPERATE CONFLICT.

Will Be Waged Between Autocracy and Democracy.

London, May 11.—The Daily Telegraph correspondent at St. Petersburg sees in the opening of the national parliament the beginning of a desperate conflict between autocracy and democracy. The correspondent says the word has gone forth among the delegates of the lower house that the peasants have been sent thither solely to get land for themselves and if they return home without having obtained it they will be beaten and stoned to death.

"That," the correspondent says, "is a gross exaggeration; but it is a very useful war cry. If the autocracy will stand its ground and be true to itself and its friends, fighting its battle to the last cartridge, one may forecast in general outline the course of Russia's political history the coming year. But so long as the present men are in power it is impossible to assume or accept any axiom, for they are dwarfs in mind and dwarfs in will, capable of flagrant contradictions with themselves and of yielding to violence and frenzy what they refuse to justice and prudence. There is but one way of avoiding a conflict between the crown and the parliament, namely, the transfer of the real power from the reactionary cabinet to representatives of the Liberal party, who will constitute a serious danger to the state so long as their enormous influence is not balanced by official responsibility."

Courtiers and spectators other than members of the national parliament led the cheering, but the members were ominously silent, expressing neither approval nor disapproval. What rankled most was the failure of the emperor to mention amnesty, and later, when the members assembled in the Tauride palace away from the spell of the throneroom, many were with difficulty restrained from precipitating matters by offering resolutions on the subject. The Constitutional Democratic leaders, however, who dominated everything, were anxious not to weaken the reply which the lower house will prepare to the speech from the throne, in which issues with the crown will be joined, and succeeded in staving off premature action.

Each Told an Eloquent Story.

The scene around the Tauride palace was in striking contrast with that at the Winter palace. Each, indeed, was typical and told an eloquent story. At the Tauride palace tens of thousands were acclaiming their representatives. At the winter palace legions of military and courtiers by the hundreds cheered for the emperor. Nevertheless the proceedings of the lower house were not spectacular; in fact they were almost tame in comparison with those at the Winter palace.

The only genuine flashes of fire which showed the real temper of the members of the house were when Professor Mouroumtseff, who had been elected president of the lower house, invited government officials and clerks to leave the hall, and when Ivan Petrunkevitch, in a few eloquent words from the rostrum, told the auditors that the first thought of the parliament should be for those who had suffered in the cause of liberty, who now fill the prisons, and whose arms are stretched out in hope and confidence to the people's representatives.

Constitutional amnesty were keynotes of President Mouroumtseff's speech.

By the irony fate, Ivan Petrunkevitch, whose first mention of the word constitution twelve years ago was dismissed by Emperor Nicholas II as "a foolish dream," during the day stood in the front rank of the members of the representative chamber while Emperor Nicholas put his final seal upon the Russian parliament and begged the representatives of the people to co-operate with him in working for the welfare of the country.

Lower House Adjourns.

The lower house of the parliament adjourned for the day in order not to interfere with the opening exercises of the council of the empire and also to permit the committee of the Constitutional Democrats to consider the reply to the speech from the throne.

After the adjournment of the parliament there was a great spontaneous celebration in front of the rooms of the Constitutional club, to which the leaders had retired for consultation. Thousands of persons packed the adjoining streets and shouted and cheered until MM. Petrunkevitch, Roditcheff, Mouroumtseff and others appeared on the balcony and spoke. Their words were received with frantic applause.

In the crowd, stump-speakers, including Socialist deputies, from barrels and carts, delivered fervid orations. Animosity to the wealth and splendor of the court ceremony was noticeable, and the display of jewels by ladies of the court furnished the

OUT OF SAME TANK

STANDARD OIL COMPANY SAID TO
HAVE SOLD THREE DIFFER-
ENT KINDS OF OIL.

ALSO GAVE SHORT MEASURE

TWO WITNESSES MAKE SERIOUS
CHARGES AGAINST THE AL-
LEGED OIL COMBINE.

Chicago, May 11.—Corruption of railroad employees and agents of independent oil companies, dishonest methods of procuring land leases, the giving of short measure, and the selling of three different kinds of oil out of the same tank, and misrepresentations as to the quality of oil sold, were charged against the Standard Oil company at the day's hearing before the interstate commerce commission. Incidentally it was charged that the Frisco road gives a rate of 2 cents per hundred to the Standard Oil company when it charges competitors of that corporation ten times as much for the same haul. The inquiry is being held under an order of congress, and the session during the day was along the same lines as that held some time ago in Kansas City.

The principal witness of the day was E. M. Wilhoit of Springfield, Mo., formerly for ten years agent of the Standard Oil company at Topeka, Kan. It was he who made the charges of bribery and dishonesty against the company and said that the Frisco road discriminated in favor of the Standard Oil company. Other witnesses were H. C. De Rand of Fremont, O.; E. P. Ripley, president of the Atchison, Topeka and Santa Fe road, and M. Maxon, a former agent of the Standard Oil company in Illinois. The last witness gave testimony which in many instances was the same as that given by Mr. Wilhoit.

The hearing was conducted by Attorneys J. F. Marchand and F. S. Monetti for the government, and Commissioners Clements, Cockrell and Prouty heard the evidence. John S. Miller and A. G. Eddy appeared for the Standard Oil company.

KILLS HIS BROTHER.

Indiana Man Then Defies Citizens of Montezuma.

Montezuma, Ind., May 11.—Stephen Sylvester, an eccentric character, at noon shot and killed his brother, W. H. Sylvester, president of the First National bank and one of the most prominent men in the community. The murderer walked unmolested to his home after committing the crime, sought shelter in a fort-like shed he had built for just such an occasion, and defied the citizens, who flocked to the place by hundreds, to arrest him. He was bountifully supplied with weapons.

Stephen Sylvester remained in his refuge for hours while Sheriff Carter and Marshal Boyd of Rockville were driving at breakneck speed across the country in response to a call for the sheriff.

The two officers approached the shed and called on Sylvester to surrender. After a moment's hesitation he said he would surrender if he was assured safety. This assurance was given and Sylvester came out and gave himself up and accompanied by the two officers started at once for Rockville, where he was placed in jail.

TRAIN ROBBERS SURROUNDED.

Those Who Held Up the Imperial Limited Cannot Get Away.

Kamloops, B. C., May 11.—The robbers who held up the Imperial limited are surrounded in the woods near Campbell's meadow southwest of Kamloops. Sheriff Wood sent a messenger to town during the evening for more Indians to assist in the capture.

The messenger declares there is no chance for the robbers to escape, as there are more than 100 men in the posse.

CARL SCHURZ CRITICALLY ILL.

For a Time It Was Feared That He Was Dying.

New York, May 11.—Carl Schurz is critically ill in his home here. At one time during the day he was thought to be dying, but rallied and was resting more comfortably late at night.

Mr. Schurz, who is seventy-six years old, is suffering from a complication of disorders.

METROPOLITAN HANDICAP.

New York, May 11.—Twenty-two horses of medium class went to the post in the fifteenth Metropolitan handicap and after a mile journey over the main course at Belmont Park, John A. Drake's Grapple won by three-quarters of a length. Roseben, the public favorite, was fifth.

H. F. MICHAEL CO.

GOVERNOR IN NO HURRY.

Not Anxious to Call Special Session of California Legislature Now.

San Francisco, May 11.—Although being strongly urged by many influ-

ential interests to call an early special session of the state legislature, Governor Pardee is in no haste to take action in the matter. He openly declared himself against a precipitate course during the day, by saying: "It is better not to have any legislation at all than to enact bad laws."

That there is urgent need of unusual legislation the governor readily admits, but he insists upon having a planned programme for the legislators before he issues a call. As an outcome of his statements the committee on special legislation has decided to draft a call for the legislature and to frame the bills which the governor will be asked to recommend for enactment. The governor will privately discuss the call and the bills with the committee and when they are arranged to conform to his ideas the legislators will be summoned.

Stephen Sylvester remained in his refuge for hours while Sheriff Carter and Marshal Boyd of Rockville were driving at breakneck speed across the country in response to a call for the sheriff.

The two officers approached the shed and called on Sylvester to surrender. After a moment's hesitation he said he would surrender if he was assured safety. This assurance was given and Sylvester came out and gave himself up and accompanied by the two officers started at once for Rockville, where he was placed in jail.

IN THE EARTHQUAKE ZONE.

No High Buildings Should be Built in San Francisco.

Washington, May 11.—San Francisco is in direct line with an earthquake zone which extends along the Andes mountains in South America, to the Arctic regions and my judgment is that no structure exceeding six stories in height ought to be erected in that city."

Captain William L. Merry, American minister to Costa Rica, Nicaragua and Salvador, expressed this opinion at the White House during the day.

Minister Merry, who recently arrived in this country from his post on leave of absence, called at the White House with Senator Perkins of California, to pay his respects to the president.

EDUCATION BILL PASSED.

London, May 11.—The education bill was passed on second reading in the house of commons during the evening by a vote much smaller than the government's nominal majority, but fully equal to expectation. The debate has not been especially interesting. The great struggle will occur when the bill is in the committee stage.

"I have used Dr. Miles' Anti-Pain Pills for years, and can say they have never failed. I always keep them in the house, in fact I had rather be without sugar than the Pills. Previously to this I had always suffered with sick headache, sometimes being in bed for three and four days. I had tried nearly everything I ever heard of; some would seem to help at first, but after a short time the effect would wear off. It is five years now since I began taking Dr. Miles' Anti-Pain Pills, and the results are as good as at first."

MRS. W. H. MARSHALL, Sopris, Colo.

Dr. Miles' Anti-Pain Pills are sold by your druggist, who will guarantee that the first package will benefit. If it fails, he will return your money.

INDIAN OCEAN SERPENTS.
Among the most venomous serpents in the world are the marine snakes of the Indian ocean. They are the dread of fishermen, and it sometimes happens that vessels are obliged to thread their cables through barrels to prevent the reptiles from swarming on board. Great numbers of them may often be seen floating on the surface of the water as if asleep. They are exceedingly fierce and will commonly attack human beings without provocation.

Barn and Suspicion Turns on

Men who Disappeared

The county commissioners of Cass county yesterday decided to offer a reward of \$500 for the arrest and conviction of the man or men who murdered Pat Holly near Motley about two months ago. Mr. Holly was living alone some distance from Motley and his team was found wandering around with the harness on. Suspicion was aroused and resulted in the discovery of Holly's body in a heap of manure near the barn. It was found that an effort was made to sell the team of Holly at Brainerd after the murder and two men who are suspected, one of whom answered the description of the man who tried to sell the team here, disappeared just prior to the holding of the inquest. It is thought that the offering of the reward may lead to some one knowing the whereabouts of the suspected party giving the officers the tip.

SICK AND TIRED

AND WORN OUT

Everyone experiences such a condition at this season of the year when the system is clogged with impurities after the winter's overeating. When the blood is thick with stagnant poisons and the stomach is too weak to digest even ordinary food and headaches, backaches and boneaches, constipation, nervous spells and sleepless nights are making your life a drudgery.

You Need a Tonic to Build Up Your System

Read these letters from folks who have suffered from this very cause and who write public letters in order that every single person may hear of a way to get well. A few bottles of the wonderful

COOPER'S NEW DISCOVERY

Will do the same for you that it has done for these folks. Here are their letters

Mrs. Sarah Wick, 714 Burnet Ave., Birmingham, Ala., says: "I have felt all run down and out of sorts and been peevish and irritable. Heard of this discovery and tried it. It has done me a world of good and it cures my husband of a severe attack of rheumatism. It seems to take the poison out of the blood and has a wonderful effect upon a week and run down system. We are still taking it and will continue its use for while so that we can be sure that every vestige of poison is driven from the blood."

This Wonderful New Discovery centers, increase the digestive fluids of the stomach, strengthen the kidneys and drive every trace of impurities from the system. It will regulate the bowels and put new life in the blood. It sharpens the intellect and puts vim in the muscles.

CROW WING COUNTY BAR ASSOCIATION MEET.

The first quarterly meeting of Crow Wing County Bar Association was held at the Commercial club rooms in this city Wednesday evening last. Judge Holland presided for the first time, and on taking the chair the Judge thanked the association for the honor conferred on him by the bar and took occasion to give those present a short but interesting history of the bar in the early days of the county. The Judge said that when he came here in 1872 there was no lawyer here, but soon after Mr. Knapkin came, then Mr. J. H. Steele, and afterwards Judge Sleeper. He also spoke of Messrs. Fernald, Frater, Donaldson, Douglass, all of whom have passed away.

The committee on municipal court practice under the new code made a partial report and asked for further time in which to consider the matter. This relates to the provision of the new code which confers on the city council power to adopt the practice there laid down, and it is of so much importance that the committee thought it should receive close attention. The committee on fee bill of the bar made its report which was referred back to the committee for further consideration. The matter of having a uniform fee bill is one of the most important matters that the association will have to deal with. It is not only in the interest of the members but for the public as well. It seeks to provide a way by which parties will be fairly treated.

After some interesting remarks by the members the meeting adjourned.

NO EXCUSE FOR CATARRH

Worse Cases Quickly Cured by Breathing Hyomei—Guaranteed by H. P. Dunn & Co.

There is really not the slightest excuse for anyone having catarrh, now that Hyomei is so widely known and so easily obtained. The worse cases of catarrh are quickly cured, simply by breathing the remedy through the pocket inhaler that comes with every outfit.

The complete outfit, consisting of a neat pocket inhaler, a medicine dropper, and a bottle of Hyomei costs only one dollar, while extra bottles can be obtained for 50 cents, making Hyomei the most economical, as well as the most reliable method for curing catarrh.

H. P. Dunn & Co. positively guarantee a cure when Hyomei is used in accordance with directions, or they will refund the purchase price.

Don't be fooled and made to believe that rheumatism can be cured with local applications. Hollister's Rocky Mountain Tea is the only positive cure for rheumatism. 35 cents tea or tablets. H. P. Dunn & Co.

A GOD SENT FEAST

Meetings of Dr. Robertson are a Veritable Feast of Spirituality and Helpfulness.

The continued verdict of all who attend the morning meeting at the Y. M. C. A. is, "This is truly of the Lord." To attend that meeting is like entering the holy of holies, one cannot help but feel the presence of the power of the Lord, and the power of the spirit. O, that every Christian in the city could be present and receive God's blessing in that morning hour.

It is quite clear that the people are being revived and the spiritual life deepened. You can feel it in the air and the shake of the hand and you can see it in the faces of the people at every service. You can see it in the numbers and spirit of the afternoon meetings. The Christian who could but does not attend is simply starving his soul and refusing a God sent feast.

The evening service at the First Congregational church continues to grow in interest and power. Dr. Robertson took for his subject, "Paul at Athens." Paul's visit was not, as some people seem to imagine, a failure, but a wonderful success. The result of his visit was the conversion of the chief judge of the country, a man of wonderful influence in the community. God prepared the heart of man for the acceptance of His truth. Remember the meeting in the Congregational church this evening. Plan for the service Sunday afternoon at three o'clock at the opera house.

MUSIC AND DRAMA.

"LAND OF NOD."

"Land of Nod," to be presented at the Brainerd opera house in the near future is a legitimate extravaganza or musical fantasy. In a sense, it is the dreamland which Alice of Wonderland visited, a place peopled by unusual persons. The Man in the Moon who has slipped on a peel of thunder and rolled down to this strange place, meets Bonnie, a little girl from the real world, and also a chorus girl from Broadway who rather astonishes him. The King of Hearts and his retinue, The Welsh Rabbit, April Fool, Telephone Man, Rory Bory Alice, the Weather Man and other novel people are seen in this strange realm together with scores of pretty damsels who figure as cards, flowers and other dainty conceits. There is smart and melodious music, plenty of stirring dances and no end of bright comedy scenes. William Norris, the famous comedian, stands at the head of an all-star cast, and with him will be found Knox Wilson, Olive Vail, Walter Stanton and his giant rooster, the Madcap Ballet and many other features.

ALBERTA GALLATIN IN "COUSIN KATE."

Alberta Gallatin comes to the opera house, Friday, May 18, in "Cousin Kate," a society comedy, which has delighted London and New York audiences. Among her treasures Miss Gallatin has a note written by Mrs. Henry George, wife of the famous exponent of the Single Tax, after having witnessed Miss Gallatin's performance of "Rosaland" in "As You Like It," which says that "never since the days of Adelaide Neilson have we witnessed Shakespeare's lovely character better portrayed." The note is signed "Annie C. George." The company plays at the Metropolitan opera houses in St. Paul and Minneapolis next week and then goes to New York, San Francisco, Seattle, Butte and Spokane. Criticisms are unanimous in praise of the play and actress. Prices for this engagement will be \$1, 75, 50 and 25.

CONSCIENCE CLOTHING

The foundation of a permanent fitting garment is in its shape-retaining qualities and the secret lies in the proper sponging of the cloth to avoid shrinking; not merely a wet cloth and a hot iron, but scientifically sponged by practical men;—by means of the CLOTHCRAFT patent process. This is one reason for the success of CLOTHCRAFT clothing, now add to this the genius of the designer of CLOTHCRAFT CLOTHES, the personal supervision by experts, the non-shrinkable body canvas, the vital insides, etc. and there you have the perfection of form-fitting properties that have universally established CLOTHCRAFT apparel as indisputably among the best fashioned garments that ever graced the form of man.

Texture, pattern or trimmings be they ever so standard have neither the elements of fashion or merit without these perfect fitting essentials. It is the fit that distinguishes your clothes from the general every day kind.

You can no more expect clothing satisfaction without it, than you can look for good bread from bad flour. Be sure you're safe, ask for CLOTHCRAFT CLOTHES and you ask for just what you're looking for.

A MOTHER'S LOVE.

What is More Beautiful than a Mother's Love?
"Who ran to help me when I fell
And would some pretty story tell,
Or kiss the place to make it well
My mother."

A mother's worries are many. She sometimes forgets her own bodily discomforts because of her overpowering love for the child. She becomes broken down, sleepless, nervous, irritable and feels tired from morning until night. Many mothers of experience can tell you that at such a time they have been relieved, benefited and strengthened and put into proper health by taking a prescription which their mothers had told them was the best woman's tonic and nerve to be taken at such times. Dr. Pierce's Favorite Prescription has enjoyed an enviable reputation for over a third of a century. In all that time it has sold more largely in the United States than any other tonic for woman's needs, and to-day its sales are greater than ever. Dr. Pierce made up this prescription from native medicinal roots without the use of a particle of alcohol and for the single purpose of curing those diseases peculiar to women and when there is a lack of womanly strength to bear the burdens of maternal duty. How few women come to this critical time with adequate strength. The reason why so many women sink under the strain of motherhood is because they are unprepared. Is preparation then required for motherhood? asks the young woman. And every experienced mother answers—"Yes." "I unhesitatingly advise expectant mothers to use Doctor Pierce's Favorite Prescription," writes Mrs. J. W. G. Stephens, of Mila, Va. The reason for this advice is that Dr. Pierce's Favorite Prescription is the best preparative for the maternal function. No matter how healthy and strong a woman may be, she cannot use "Favorite Prescription" as a preparative for maternity without gain of health and comfort. But it is the women who are not strong who best appreciate the great benefits received from the use of "Favorite Prescription." For one thing its use makes the baby's advent practically painless. It has in many cases reduced days of suffering to a brief few hours. It has changed the period of anxiety and struggle into a time of ease and comfort.

A DUTY WOMEN OWE THEMSELVES.

"Good actions speak louder than words," so, too, does the testimony of many thousands of women during a third of a century speak louder than mere claims not backed by any such record of cures.

Miss Emma Petty, 1126 S. Olive Street, Indianapolis, Ind., Past Vice-President, Daughters of Pocahontas, Minneola Council, also Organist, South Baptist Church, Indianapolis, writes: "For several years I suffered with leucorrhoea, which was a serious drain on my vitality, sapping my strength and causing severe headaches, bearing-down pains and a general worn-out feeling, until I really had no desire to live. I had many medicines recommended to me and tried many, but did not get permanent relief until I took Dr. Pierce's Favorite Prescription. In two months I was much better and stronger, and in four months I was well. Have had no more disagreeable discharge, no more pain; so I have every reason to praise 'Favorite Pre-

scription.' I consider it without an equal for ills of women."

All the ingredients entering into Dr. Pierce's Favorite Prescription are printed in plain English on each bottle wrapper. Dr. Pierce thereby shows that he is not afraid to tell his patients just what this medicine is made of. This is not true of any other medicine especially designed for the cure of woman's peculiar ailments. This "Prescription" is also the only woman's medicine sold through druggists that does not contain a large percentage of alcohol; it contains not a drop.

As an indication of the high esteem in which the medical profession are coming to regard the several ingredients of which Dr. Pierce's Favorite Prescription, for weak and ailing women is composed, we have room here to insert only the following:

Dr. John Fife, of Saugatuck, Conn., Editor of the Department of Therapeutics in THE ELECTRIC REVIEW says of Unicorn root (*Helonias Dicota*) one of the chief ingredients of Dr. Pierce's Favorite Prescription: "A remedy which invariably acts as a uterine invigorator and always favors a condition which makes for normal activity of the entire reproductive system, cannot fail to be of great usefulness and of the utmost importance to the general practitioner of medicine."

"In Helonias we have a medicament which more fully answers the above purposes than any other drug with which I am acquainted. In the treatment of diseases peculiar to women it is seldom that a case is seen which does not present some indication for this remedial agent."

"The following are among the leading indications for Helonias: Pain or aching in the back, with leucorrhoea; atonic (weak) conditions of the reproductive organs of women, mental depression and irritability, associated with chronic diseases of the reproductive organs of women, constant sensation of heat in the region of the kidneys; menorrhagia, ('flooding') due to a weakened condition of the reproductive system; amenorrhoea, arising from or accompanying an abnormal condition of the digestive organs and an anaemia (thin blood) habit; dragging sensations in the extreme lower part of the abdomen."

If more or less of the above symptoms are present, no invalid women can do better than take Dr. Pierce's Favorite Prescription, one of the leading ingredients of which is Unicorn root, or Helonias.

MEN AND WOMEN

should have a medical book handy, for knowledge is power. They should know about anatomy and physiology. They should have a book that treats of the sexual relations of both sexes out of and in wedlock, as well as how and when to advise son and daughter. Has unequalled endorsement of the press, ministry, legal and medical professions. The main cause of unhappiness, ill-health, sickly children, and divorce is admitted by physicians and shown by court records to be the violation of the laws of self and sex. UP TO AMENDMENTS

SENATE READY TO TACKLE THE ALLISON COMPROMISE ON THE RATE BILL.

IMPORTANT CHANGES MADE

IMPRISONMENT PENALTY OF THE ACT OF 1887 IS RESTORED TO THE MEASURE.

Washington, May 11.—The senate during the day completed the consideration of the second section of the railroad rate bill and just before adjournment listened to the reading of Sections 3 and 4. This reading brings the consideration of the bill up to the Allison compromise amendments, which will be taken up during the day.

A number of important changes were made in the second section, including a provision restoring the imprisonment penalty of the act of 1887, and an amendment suggested by Senator McCumber imposing fine and imprisonment against shippers who accept rebates from transportation companies. The latter amendment was incorporated for the avowed purpose of hitting the trusts. Another amendment adopted was offered by Senator Warren. It gives the government business a preference over all other traffic in time of war. A long series of changes were also made at the instance of the interstate commerce commission. Some are verbal and all are intended to improve the administrative features of the law.

There was a continuous debate throughout the day, and there was no little complaint that senators manifested a disposition to increase the time allowed them under the fifteen-minute rule, by speaking on amendments to amendments and also by speaking in the time of other senators. Senator Tillman stated after the senate adjourned that if these practices continue he will make an effort to have the speeches limited to five minutes.

IN THE OPEN MARKET.

Ordnance Bureau Authorized to Purchase Shells and Projectiles.

Washington, May 11.—Shells and projectiles for the navy department will, after June 30, 1906, be purchased by the bureau or ordnance in the open market instead of, as is now the practice, in secret markets from firms engaged in the manufacture of these articles. This change was brought about through the efforts of the chairman of the appropriations committee, Mr. Tawney of Minnesota, who offered an amendment to the naval appropriation bill directing that the secretary of the navy shall advertise for proposals for shells and projectiles so that all firms engaged in their manufacture may have an opportunity to compete. Much time was spent considering enlistments in the navy and the failure of recruiting officers to properly enforce the law as to minors. An amendment offered by Mr. Kelher of Massachusetts was adopted prohibiting naval recruiting officers from enlisting seamen, ordinary seamen or apprentices unless their application is accompanied by a certificate of birth and written evidence other than applicant's own statement that he is of the age required by naval regulations.

The debate on this amendment extended over much of the session and at times grew decidedly animated and a bit acrimonious. After defeating amendments designed to enlarge the Washington, D. C., navy yard, and the yard at Pensacola, Fla., the house at 5:15 p. m. adjourned for the day, having completed but a few pages of the bill.

ATTITUDE OF VIOLENCE.

Displayed by the Automobile Strikers in Paris.

Paris, May 11.—The automobile strikers are displaying an attitude of extreme violence. Posted in the vicinity of the factories is a manifesto advocating the breaking of machinery. Military precautions have been taken to prevent outrages.

Five hundred striking electricians invaded the telephone company's works during the day for the purpose of intimidating workers, several of whom were assaulted. Fourteen strikers were arrested.

Officials of the Confederation of Labor state that there are 195,000 persons on strike in Paris.

FIRE AT PINAR DEL RIO.

PROPERTY LOSS IN CUBAN CITY OF FOUR HUNDRED THOUSAND DOLLARS.

Havana, May 11.—Fire in the heart of the city of Pinar del Rio during the afternoon swept one entire square and part of another and destroyed a hotel, several of the leading business houses and some of the better class of residences. The fire could not be checked until several buildings were blown up with dynamite. The loss is estimated at \$400,000.

Fire Loss is \$20,000.

GRAND FORKS, N. D., May 11.—The Great Northern coal chute building caught fire from an engine spark late in the afternoon, and before the fire was under control property valued at \$20,000 had been destroyed.

HOPPE ALONE UNBEATEN.

Boy Billiardist Will Probably Be First in Chicago Tournament.

Chicago, May 11.—Unless he shows a decided reversal of form, "Willie" Hoppe, the boy billiardist, will win first prize in the professional tournament being played at Orchestra hall. The four other contestants in the tournament have all met defeat while Hoppe has won both games in which he has participated. George Sutton of Canada and Jake Schaefer of Chicago are tied for second place, both having won one and lost one game each. George Slosson, winner of the world's championship in the recent tournament in New York, is tied with Louis Cure for fourth place. Slosson holds the high run for the tournament so far—142, made in his game during the evening with Sutton. Despite this big run Slosson lost the game, having scored but 432 points when Sutton ran his 500 points.

In the afternoon Jake Schaefer was given a taste of his own billiard medicine when Louis Cure ran 110 in the twenty-first inning of their contest and won the game 500 to 463.

NITROGLYCERIN FOR FOLK.

INFERNAL MACHINE FOUND UNDER GOVERNOR'S WINDOW.

Jefferson City, Mo., May 11.—An infernal machine was found under the window of Governor Folk's office by a lawn mower during the afternoon. It was examined by Attorney General de Armond and found to be loaded with nitroglycerin and had a tube with a dynamite cap attached. Had it been struck by the lawn mower it would have blown the governor and most of the capitol building into the Missouri river.

WALLACE ACCEPTS POSITION.

Chicago, May 11.—John F. Wallace, former chief engineer of the Panama canal, has announced that he has accepted the presidency of the Electric Properties company. The organization, recently incorporated in New York, is, according to Mr. Wallace, to acquire, finance and develop properties in which electricity plays the principal part.

TURKS AND ARMENIANS FIGHT.
